

**DR. JOY S. PEDERSEN, L.S.H., C.S.H.C.**

Joy S. Pedersen is a licensed spiritual healer, certified spiritual coach, doctor of divinity, business consultant and founder of Express Success. Express Success was founded while working in the entertainment industry to help people succeed quicker and easier incorporating steps to success through personal consultations and workshops. One of her key steps is networking. She has not only taught networking but continues to run business networking groups. Regardless of the effective application of proven steps to success, there appeared to be blocks to easily achieving some goals that she and her clients set versus others that came more effortlessly.

She discovered the missing link and was trained in the updated ancient Hawaiian spiritual healing process called ho'oponopono in 1986. The process helps release karma and the past life memories that contribute to the challenges people face today. Her ability to see past life elements as well as receive guidance from the angels, further assists her clients. This process helps her clients release the blocks to achieving success easier while eliminating the unconscious issues contributing to their challenges.

Following ten years of automatic writing, Joy began communicating with angels in 2004 and now shares their messages on [www.angelenlightenment.com](http://www.angelenlightenment.com). Michael, the Archangel asked her to write his book, *Wisdom of the Guardian*, which he channeled through her and is now available to the public.

*"I didn't fully understand what you did or how you did it before I came to you. I only came because I was convinced there had to be a better way and wasn't finding the solutions on my own. I still don't know what you did or how you do it, but working with you has made my life easier, less stressful and more prosperous. Even my relationships have improved! Thank you." A loyal client, Genevieve E.*

Let go of the layers, release the burdens that bind you, and lighten your load to experience the life you desire.
