Have You Missed The Moment?

Life is full of moments. Unless you are fully present within the moment, you will miss the blessings and benefits of it. How often are you distracted by life's concerns? Living in distraction causes life to pass by missing the presents when not present.

God speaks to you through your heart and inspires you to perfect and right action when in the moment. If you are in your head thinking or worrying, you are not in a receiving mode. You need to be present and open to receive that which is for your highest good.

You are often the conduit for God to be able to give to you. If he doesn't use you to give to you, he sometimes uses others as the conduit. In that case, if they aren't in the moment, they may miss the inspiration.

God often tries to give you what you ask for but can't because the vehicle he uses is inspiration. You cannot be inspired while thinking. You are inspired through your heart. God is often blocked, as are we in our attempts to serve your needs, answer your prayers or provide the help you seek. Our guidance comes from ways that aren't always through your mind. It may be a song, a touch, or a shove in the right direction. We provide numerous cues that go unrecognized because you aren't present in the moment aware enough to notice.

Take time to notice. Live in the moment - present. Stay in your heart and operate from there. You will solve more problems that way.

Your heart holds the key as do you by remaining where all the answers lie.
