Good News

Greetings!

There has been a tremendous amount of good news behind the scenes. The cause of evil and the karma affecting mankind has been cleared on the causal level. Now the effects of it need to be cleared and we are putting together programs for that.

In the interim, here is a message from Archangel Michael explaining some of the cause of your suffering due to miscreation and how it came about as well as how to avoid them.

Wishing you a wonderful weekend.

Blessings,
Joy

Miscreation Has Caused You to Suffer

There has been much darkness that has been around since the beginning of time trying to undermine the light. It has served as an impetus to create much change to implement systems to battle this darkness. It was never our intent to battle anyone. It is not our style or purpose ultimately to battle anything. The battle within comes from the times when both aspects of light and dark come together within the person and/or situation. Once that occurs, much upheaval occurs with it. The fall out from these situations have been devastating to some but to many life altering in ways

that repair was almost impossible.

Messages from Heaven

Souls have been scattered throughout the universe splattered this way and that due to miscreation out of error of right thinking. They have been infected and affected by the darkness of which it came in contact.

Cleaning up those fragments are necessary to bring back wholeness and oneness for all to be living once more in the light.

As those aspects scattered and unfolded and developed, they brought with them dynamics of the past introducing new strategies of creation into the mix. It was never intended for those of us who were taught to create, to create separate from source. Those that created separate from source, created all sorts of ill affects - many of which you all suffer from to this day.

Those ill effects are what is needed to be cleared now to bring back the oneness to the whole.

There isn't a day that goes by that suffering doesn't occur due to these miscreations from separation. Mankind continues today looking outside of the self creating from the will rather than from their center, heart or source within.

That will is what has gotten people into trouble. They want what they want when they want it without giving the whole picture of cause and effect a chance to reveal what is right and purposeful for the good of all. Therefore, miscreations continue not of the light but out of the darkness of ego, limiting beliefs and knowledge, and sheer arrogance and ignorance.

When people begin to look within, they will find their Shangri-La. They will know purpose. They will find peace. They will receive divine direction and live in divine rhythm with good to all. It is possible and it is within your grasp. You only need look within.

Peace be with you this day,
Archangel Michael
