Heaven on Earth

Archangel Michael asked me to go to Los Angeles for a specific but undisclosed mission. I was there for over a month. While in California, he asked me to go to Las Vegas to help write the last chapter in the first book while showing me the beginnings of the second book.

While at a seminar, I heard Archangel Michael say to me just before noon on December 12, 2012, that the last chapter is written and the first book is closed. I saw the time on my watch and it stopped and has never been able to be fixed to use again.

You can read the rest of the story about this event and The Book of Life, to which Michael referred, [here](#).

Holy week of 2013 had many unusual circumstances that occurred including a special mission I was asked to participate in along with a couple of clients of mine on March 30, 2013 at 12:12 PM. This was the

Saturday between Good Friday and Easter.

The date itself adds up to a 12. Two of us were asked to buy new watches. I was to do a special toast at 12:12 PM with specific ingredients purchased by other client. Following that ceremony, I saw streams of light come down and heard Archangel Michael announce, "today is the first day of heaven on earth".

The full details of that most extraordinary event can be read [here](#).

Personal Note

It has been a wild ride the last few years. Many of the stories I now share have been known only by those who shared the specific events and clearings with me. It is such a privilege to be able to both experience and now share with you.

So much is going on with heaven in support of this planet evolving to experience peace on earth. I want to express my gratitude to my clients who have shared this ride with me. Many have experienced some extraordinary sessions with me when we uncovered events in history that needed to be cleared to be able to help bring forth heaven on earth.

I realize we have a long way to go to experience the dynamics of heaven on earth fully, but I'm thrilled we've made it this far.

It isn't easy clearing with what has turned out to be my speciality subjects such as darkness and persecution. What pleases me is that so much has been cleared of that darkness to be where we are now. We have a bright future in front of us and lots to look forward to in the days to come.

It is a privilege to participate on the level I do. Interacting with my heavenly colleagues in meetings discussing the future of the planet is exciting.

Helping to prepare the planet and people for the blessings that await is equally exciting.

I am so happy to have the freedom to now share what's really going on in the world behind the scenes for your benefit.

With love,

Joy
