The New Tree of Life

If you haven't been to Animal Kingdom to see the detail in this Tree of Life exhibit, you, at least, need to see the images up close on the internet. The animals sculpted into the tree trunk are extraordinary.

My visit there reminded me to share with you about the new Tree of Life God has given to us.

As we are moving into a new world and with new possibilities, God has given us a new Tree of Life. It was first introduced to me on Thursday, March 28, 2013 during a morning session of Holy Week that year. That week was a major turning point for us in this transition to a new

relationships, career, business, health and well being.

Working by phone using intuitive gifts, as well as established, time-honored spiritual techniques, her work includes clearing negative memories, limiting beliefs, property and karma to achieve more effortless success.

She is a spokesperson for heaven and shares those messages on the Express Success blog. She authored the book [Wisdom of the Guardian: Treasures From Archangel Michael to Change Your Life](#). She was also a contributing author to Big Bold Business. Her chapter addresses how your subconscious is either supporting or sabotaging your success.

Her pro bono work focuses on a global peace and prosperity initiative healing the cause of the imbalances of life to the atrocities affecting all.

Let's get to know each other, the challenges you face and the solutions I provide. If there's a fit, we can decide together what options are best for you. If there's not a fit, we've shared some time exploring and getting to know each other.

word.

That was the week when our sessions were focused on the major issues that have affected humanity. We cleared the cause of martyrdom, oppression, suffering, Eve and the infamous story of the apple, and on Good Friday, the serpent energy. All problems have a spiritual and non-physical component. By clearing the causal level of problems, you can then affect change in the physical more easily. The causal level of these issues needed to be healed before the shifts can occur in the physical where we will all be able to see and experience them more readily.

As part of the transition into the new world, we were given a new Tree of Life that Thursday that looked more like the image below than the one above. The new world we are moving into is young yet, as is this new Tree of Life.

Along with this new Tree of Life, a toast or statement has been offered to be shared with it. That is as follows:

"Aligned with the divine within my own heart to access all there is."

Up until this point, we have often been directed as a society to go outside of ourselves for knowledge. In this new world, we are being directed to God or Source (whichever you prefer) within each of us to access the "all knowing". That all knowing can guide us in a direction we take that exists outside of us, but you can feel more confident that the direction is purposeful and for our highest and best good.

This new Tree of Life and affirmation is a reminder that answers lie within us. The solutions to our challenges that we seek lie within us. The invitation is to go within and align with the divine within your own heart to access all there is.

The more you are able to go within for those answers, the easier life becomes. That is where you find peace. That is where you find the guidance to all that you require for a life of joy, love, peace, balance, freedom and abundance.

Blessings to you.

Wishing you have a wonderful weekend,

Joy
