My Personal Independence Day

I hope you enjoyed your independence day. Mine turned out to be unusual. I wasn't expecting what Archangel Michael said to me. He told me it was time to not sacrifice myself for humanity any longer. It was now time to focus on myself and my own life. As my work was very specific the last decade focused on all the global healing which had timelines involved, this was a delightful surprise. I immediately cut cords to humanity as a whole. That was an unusual dynamic because I could see an image of them vs. what I usually see when cutting the cords with individuals. But, that is how I started the 4th so I could move on.

On the 5th Michael stood at the door inviting me to join him in 5th dimension. As he stood by this large door (which I saw in my mind's eye), he extended his hand, which I grasped and he walked me through a door that was much larger than him.

This week he said, "You won't wait long for the shifts to occur that will change your personal reality. Not everyone's reality will change. Those that wish to remain stagnant in the lifestyle they have become used to, may. That is their free-will choice. You, on the other hand, have already made your choice to move on and up. You are solidly within the 5th dimension framework. Not all your cells are fully integrated here which is why you are having trouble realizing all its benefits. Once your body is fully calibrated to 5D, you will find things coming easier to you."

After all the work over the years preparing for this time, experiencing it is very different than the expectation. I'm being guided as to specific steps to take in helping open up this next phase which has been extremely interesting. I've been able to move between multiple dimensions all day long years. But this is unique because I was able to transition completely without the need to operate any longer in the 3D environment. It will be interesting to see and will happily share what it is like as I am fully calibrated here.

I was shown years ago that there would be a point in time that we'd be operating within the two different dimensions and those who moved into 5D would still be able to interact with those in 3D. In a way it doesn't seem much different.

Archangel Michael elaborated more fully on how all this may relate more to you specifically and the choices and opportunities you have available to you on [this blog post on The World is Changing](#).

"The world is changing. It is coming to a close as to how it was run in the past. All areas of life and business will improve over time. The key here is to remember it will take time. We have come a long way and farther than you can ever imagine." to read the rest of this important message of *The World is Changing*, [click here](#).

It's definitely something to contemplate over the weekend. Enjoy!

Blessings,

Joy

New Private Facebook Group Forming

I'm trying something new. I created a private group on Facebook called "Help from Heaven" to discuss all the subjects I'm involved with in my work: heaven and my heavenly colleagues, heaven on earth, past lives, karma, the subconscious/inner child, angels, God, life, death, etc. I don't find I have enough time to answer all the questions I receive so I am starting with this group and seeing how that might work out. The new group app for my iPhone has been great. If you'd like to join me there to ask questions, just follow and/or engage in the conversation, feel free to go to:
