Are You Affected by Trauma?

Is it a coincidence that I recently wrote about Post Traumatic Stress Disorder (PTSD) and then it followed a weekend when a traumatic event occurred where people may need understand it more?

After years of having the unbelievable job of clearing the cause of darkness and the karma affecting humanity, I have had plenty of reason to suffer from PTSD. Fortunately, I have a spiritual healing tool to clear with it when it surfaces. When I had a bout of it recently, however, I chose to write about it. It is not only something I often clear for others but something that pops up occasionally for me now that I am releasing the traumatic memories I have due to this crazy calling of mine.

It seemed timely since we experienced the Orlando shooting nearby this past Sunday.

During the week, it wasn't surprising that my local clients had subconscious issues regarding the event. I was grateful to clear them immediately so they didn't remain there. When you have traumatic memories from this lifetime as well as others, those memories linger creating programming within the subconscious mind. That programming is what you draw upon to create your reality. It is your subconscious programming that repeats patterns in your life until you release the causal level of situations and their emotional attachments from the subconscious.

We have a tendency to cope and manage more readily than focus on really releasing what is causing us disturbance. Unless we fully release, as well as forgive, it may fester in the background continually wreaking havoc on your life in one way or another.

It can cause limited beliefs and fears that diminish your potential. By fully releasing the traumatic memories and emotional attachments to it, you will have negative influences impacting your outcomes. Set yourself free by fully letting go.

Your response to these events in the moments can be crucial to your future. Following the Orlando shooting, I chose to ask my heavenly colleagues for their response. I received a number of them from quick comments from various angels, a message from God and one that was more lengthy from Archangel Michael.

You can read them all on the blog as follows:

As I have been sharing with my clients this week, true safety comes from within. When you are free of memories of terror, you don't attract terror due to the Law of Attraction. And, when you are clear within, you can ascertain from God or your high self where to go and what to do for your highest good to avoid being in situations that can cause harm.

Remember we are moving into a new world where darkness will no longer exist and we will be free but to get there you need give up your fear and be in the light.

Wishing you a life of joy, peace, balance, freedom and abundance and a wonderful weekend!

Faithfully yours,

I look forward to connecting with you, as always. And, don't forget our [Help From Heaven](#) group on Facebook where we can chat.
