Timing is Everything

I received this channeled message while traveling so sharing it here now. Timing is most relevant at the moment while in between flights at airport.

Timing is everything. Never underestimate timing. If you are guided to do something, do it or ask of timing significant in that incident of an issues. It isn't always as significance in each case. But in some it may be detrimental if you miss the window of opportunity.

Some opportunities close as they have a time frame. Be mindful of that. Be mindful of everything. Live in the moment. Be present there, seizing the opportunities and inspirations.

Once they come they may be fleeting. Some are universal, and those inspirations maybe captured and acted upon by another and you've lose your window of opportunities.

Never take those inspirations lightly as they are given to you for a reason. Often these gifts are life changes if you seize them. You may never know the significance unless you act upon them.

Be mindful. Be courageous. Be consistent.

Wishing you you a wonderful weekend...

Faithfully yours,

Joy
