**Why Clear With Your Family?**

You carry the most karma with your family. Not only do you potentially acquire karma as you are raised by your family or experience certain dynamics with them, but you usually come into this life already having karma with your family. That is often one of the reasons you chose your parents. If you understand reincarnation and soul families, you know you have known your family many lifetimes but usually with different roles.

In our private sessions, we clear with family, relatives and ancestors for each lifetime that comes up. In each session, we could easily come up with several lifetimes and when I do a thorough clearing on those lifetimes, I include family, relatives and ancestors as well as clear with you and yours and anyone you are doing business with, or have any relationship with past, present or future. On each occasion, when we clear with the client, their ancestors benefit even if in Heaven. You can clear more karma easily on Earth than is possible in Heaven. One of the reasons you reincarnate, is to work on issues that still carry karma.

As mentioned in the Bible, "the sins of the father borne upon the children", meaning your descendants may carry your karma from any given lifetime and your karma and your ancestral karma may be passed onto your children. That is why we include all so all can benefit and achieve release from the dynamic of that karma if it is God's will. If the lesson would still benefit the client or their family, they may continue to experience the dynamics of that karma until they get full understanding of the situation and grow out of it rather than someone like myself being able to release it without consequence.

Ancestral programming and karmic affect many although they may not realize their great, great, great grandparents' actions, choices, beliefs, etc. could be at cause. By including them, their suffering can be relieved as well. I have had many ancestors come through thanking the client and me for doing this work because it set them free.

I did a clearing on someone who's ancestor's limited beliefs and past were negatively affecting the client's money, and in the clearing we also were able to clear the person he reincarnated to become who was also now living on the planet.

For those who [register for the call on Saturday](#), you will experience how often family, relatives and ancestors are included because it is so significant. With each clearing, more layers of connections with your family, relatives and ancestors are released to set all free. When parents clear their own karma, it will be released from their children suffering the affects of that also.

Wishing you a wonderful weekend.

Faithfully yours,

Joy
