Joyful News - 6/2/17

While sharing the benefits of participation in the call tomorrow on our private [Help from Heaven](#) Facebook group, I did a mention on family, relatives and ancestors. I thought it useful to elaborate more here because it is a dynamic that is included in every session I do. This group call benefits the collective as well as the individual in many ways. Since your family, relatives and ancestors are included, many are on the call with us in spirit. The call tomorrow is focused also on fathers, fatherhood and the patriarchal society we live within, which has also diminished your prosperity. That will be explained further on the call tomorrow when we clear it. And, much of your karma has a connection with your parents.

What you often don't realize is that you are also sometimes your own descendants. Clearing your ancestors sometimes is also clearing your own past lives. Clearing your ancestors, releases some of the karma you are experiencing now. That also means that when you clear your ancestors, you are also sometimes clearing your children and grandchildren. Although, any time you clear yourself, your children benefit.

Whatever you clear yourself, also comes off those who are attached to the original story which helps everyone. It's quite complex and more than most can wrap their heads around. So, I thought I would share a previous client story that is a good demonstration of the dynamic.

I hope you see you on the call tomorrow.

Wishing you a wonderful weekend.

Blessings,

Joy

Ancestral Prosperity Issue

A female client wanted to work on financial issues. During her session, I was lead back to a lifetime of an ancestor who had problems with his farm due to a drought. He considered it an act of God. Therefore, had issues with God blaming the problem on him. His financial issues passed down to her.

Weather, as an aside, is often a reflection of the thoughts and experiences of those on the planet at the time, which we will leave to another time. But, that is one of the reasons we can work on weather in our clearings. By clearing those negative thoughts that are impacting the weather, we can affect the weather.

While clearing him, I was also brought to someone in the midwest who was suffering from a shortsale on his home. I was told to include him because he was the reincarnation of the farmer.

Because this work crosses all time and space, it doesn't matter if someone is dead or alive, the energies still exist and

obviously are carried down to descendants and the reincarnated individuals, as this case demonstrates. By clearing with all, all connected to the story or individual benefit and are cleared of the issues relating to this story.

When people take responsibility for their own issues and the issues concerning them in the world, they can change the world and the lives of many.

Global Healing as Well as Yours

We have decided to enhance the focus on the group clearing call this month on global healing. Although it is included each month, we will fine tune some of what is included to make an even bigger difference in the world going forward. As you know, the world needs lots of help right now!

We are still including the specific energy clearing and clearing of your own challenges we usually do as well as the added focus on fathers, fatherhood and patriarchal society that blocks your abundance as well as issues of fathers day. Because we all have fathers, have the father aspect within our inner family as our high self, and have been fathers in other lives if not this one, the call pertains to all. All benefit whether living or not, on the call or not.
