Joyful News - 6/30/17

Wednesday we had one of the most extraordinary divinely orchestrated healing events to remove a particular darkness, which affected all sectors of the world. It is such a complicated story, that I need time to relay it properly. The visions of what occurred alone could provide an artist days of labor to convey.

For me personally, it was like cleaning up hell and removing the darkest elements negatively affecting the world. The ascended masters gave the heads up that it was transformative and to wait and see what happens because of it. Time will tel. After we usually do our initial work, the Heavenly team begins their follow up work bringing all into alignment. I'm still trying to wrap myself around how to tell the story. Fortunately, a friend took four pages of notes as I reported the sequence of events over a couple of hours as all of Heaven, it seemed, followed their perspective assignment.

Jesus closed the session with, "this will set humanity free from darkness" adding that we will still need to set them free from their programming that continues to limit their results.

The [call Saturday](#) will help release that programming that is limiting the possibilities available to them and all at this time. Those details below as is a message from Archangel Gabriel.

Wishing you a wonderful weekend and a Happy Independence Day.

Blessings,

Joy

### Gabriel on Fear and Freedom

On Wednesday, June 29, 2017, I opened a session to address attachments to someone who was a member of a secret society. The vision of darkness that came from that connection was enormous. In follow up, Archangel Gabriel came forth to share a perspective on fear, which is blocking freedom, as well as enormous possibility.

The work yesterday was monumental. It was of the utmost importance because it changed the course of the world and the destiny it held at the time before the

clearing. The world was still in a downward spiral with the course of events taken place as of late. Although you have done much clearing, the darkness continues to take hold as the programming within the hearts and minds of humanity is like glue creating clogs in the wheel. Nothing is going smoothly with the delays created by darkness in their tactics to undermine. You can do so much and then darkness takes a stand and creates a new tactic.
