Joyful News - 8/18/17

We are moving into a time when it is more important than ever to live in your right location, be in your right relationship, and do your right work. By doing so, you are more in balance, and the more in balance you are, the more the world is in balance.

I have been traveling for a couple of months now and experiencing the differences in energies and possibilities in various cities and states.

I woke up the other morning with the revelation of the difference in how I experience the energies of Los Angeles versus anywhere else I've been. Before I was even awake, I was shown a dragon tale that was something I needed clear for a client. That followed with a vision of a past life I needed to clear for the same person. Shortly, thereafter, I saw the image of a children's book I could write, with the title and opening pages shown to me. The concept was originally based on a request Jesus made of me last year to explain a specific topic. Upon reflection, I also realized that a chapter I needed to submit for a particular book, came through effortlessly the night before.

It reminded me that I clearly resonate with Los Angeles more than anywhere else. Do I still need live here? Well, if God wants me to, he will obviously move me back. I know I am to return to do more work here as I'm guided to do more work on clearing the affect darkness has on the media. It's time that the darkness that is running it is removed to set humanity free from its negative influence.

It is also now important to help those in Hollywood, who made contracts with darkness to achieve fame and fortune, to be set free. Do I need to do this in person while here? No, of course not, since I work over the phone but it might be useful to be here to network with those in the area.

On my journey here, however, I also met someone in Phoenix who I resonated with on a soul level and received an invitation to move there. What makes the right location - the right person or the right energies?

No matter where I end up, it is divinely guided for the highest and best purpose for this period of time on the planet.

But, where do you belong? Are you being guided to move, change careers, or relationships? Many are being moved and are experiencing change. They may not realize that they are being guided or led to where more purposeful. In some cases, the course of events may be divinely orchestrated and you don't realize Heaven's work at play. But, if you aren't sure where you need be, follow your heart and the divine inspiration that comes from being in your heart.

This journey I am on is totally divinely orchestrated and sending me next to New Jersey, as mentioned below.

Wishing you a wonderful weekend.

Blessings,

Joy

New Jersey Trip

I am traveling to New Jersey 8/24 to 9/11. Some of you have suggested getting the old network group together for a visit, a group dinner for some spiritual conversation, our usual group healing and some other options. This trip might be more of the healing journey and provide the ability to visit with friends and family before I begin to take the show on the road so to speak.

I have been recovering before they send me out delivering the new "Reignite the Light" workshop and teach about how we arrived at "Heaven On Earth", to help bring more reach it. If the opportunity seems a fit, I'm happy to deliver it as well while in New Jersey, but I'm still trying to see friends, family and clients here while in Los Angeles. Therefore, if you have suggestions, I'm open to consider. I look forward to seeing all possible on the rest of this journey. That has been the highlight of these travels.
