Gifts for this Most Momentous Occasion

Today we celebrate the fifth anniversary of the opening of Heaven on Earth.

I created this video this morning which you can click through to view [here](#).

If you want to know what Heaven on Earth is, how to get there and capitalize on its benefits of joy, love, peace, balance, freedom and abundance, go to [this link](#) and read the reports, listen to the audios, watch the presentation and understand all that is available to you now and why.

Before going out on my walk this morning, I felt like a furnace which is an indication Archangel Michael wants my attention. I was reminded that when we went to the Holocaust Memorial and the World Trade Center Memorial, we released many earthbound spirits connected with those events and did another healing of those events and people connected to them. I was also reminded that part of prophecy was that the dead would be lifted up. Seemed timely that should be shared in light of this momentous occasion. As is typical, however, prophecy doesn't always get played out the way we anticipated.

Last week I was told today around noon would be an opportunity for another ascension. The number 12 has always been a big number for me because it means spiritual completion in my work. If you review the presentation, it will demonstrate some of the occasions where it came up regarding a variety of pivotal events relating to the opening of Heaven on Earth and in spiritual healing our shared global history.

During a session with a local client yesterday, God came through and said that when we celebrate Heaven on Earth locally tonight, that he will provide us with an even a bigger opportunity or opening for us. I asked today if those who celebrate today would also share in that benefit and was told yes. There are others who are hosting their own events. If you want to share the information provided in the kit with others so more can benefit, that would be great. The toast that was made at 12:12 on March 30 that preceded the formal announcement from Heaven that it was the opening day, is in the slide presentation. We are repeating it tonight with apple cider and water, which rebalances the masculine and feminine energies, which is what we did on that day.

So celebrate Heaven on Earth today and God will provide you even greater benefit.

Next week we will be offering our usual once a month clearing by God and his team of angels and amended masters.

Those who have challenges with money, or karma they would like to release regarding money, this is the special topic we will be clearing on April 7. Register for this one early since we have a limited amount of spots and this is a popular subject for people. Much of my practice was built from people who wanted to clear issues surrounding money. As soon as you register, you may begin to experience shifts, which has already been reported.
