### Major Global News

Most people can't relate to the work I do clearing darkness but I am pleased to announce a significant event that occurred Monday that will have a positive affect on the world as well as you personally.

Most people don't understand how darkness has worked in the background undermining you. Until that sabotage is completely removed, you will be negatively affected regardless of your awareness of it or not.

Much prophecy has been around Satan at the end of times but most don't really understand what that means. Unfortunately, the fear of him lies within many unconsciously regardless of their conscious beliefs or understanding.

What occurred this past Monday brings the end of an era and much opportunity to help open up the new golden age. The Commander and Chief of Darkness resigned his position and turned back the reins to God. He was followed by the Army of Darkness back into the light. He, by the way, is someone other than Satan. It is most certainly an event to celebrate. For the full story of this most momentous occasion and update on both characters, [please read here](#).

Wishing you a wonderful weekend,

Blessings,  
Joy

### Love, Relationships, Twin Flames and Soul Mates

Love is always a hot topic and one many clients have come to me to clear on. Challenges from other lifetimes can actually still inhibit your current love life. Broken hearts from this lifetime and others can impact this life, your love life as well as your ability to receive abundance. So healing your heart matters more than you may know!

The topic of twin flames has become more popular over the last few years but there is much confusion about it. Do you know what it is? Do you have one? Are they on the planet? We will explore these questions and some of the hidden nuances on twin flames that when discovered even blew my mind!

Soul mates, which has been a more common subject and often something people request aren't always packaged as you would imagine. It's worth understanding them.

Each month we do a group clearing call that covers a myriad of topics to help humanity heal and ascend, as well as improve the world at large. They also include a special topic for the month. We often focus additional education and clearing on certain topics that are relevant for that month. February having Valentine's Day, we will be including it as the featured topic to include because it brings up many issues that could be cleared that affect the heart, love, etc. The occasion itself often brings up feeling obligated to express or receive love that you may or may not feel or have. But the focus will be love.

But, because the topic itself is so big, I have decided to do a special free tele-seminar the Wednesday before our clearing to educate everyone in a deeper way.

You will have an opportunity to clear and heal issues surrounding love and relationships, etc. on February 3 in our usual 11:11 group call, which you can [read about here](#). But, on Wednesday, you can learn some things that won't likely be included during the actual clearing call.

If you would like to join us for education only, please [register here](#). There will be replay for those who register and cannot attend the actual call Wednesday, January 31.
