## Joyful News - December 12, 2018

At 12:12 today I will be ascending, via plane for a change, heading to New Jersey and am reminded of the significance 12 has in this time of worldwide ascension.

The number 12 is a number that comes up often in my work. This anniversary for one. 12 being the number of spiritual completion, I often see it. We were guided to end by 12 in our monthly group healing call for example due to that element of spiritual completion.

On 12/12/12 just before 12, we completed something significant relating to the [Book of Life](#). At that time the last chapter was written and the first volume closed. You can read more about that momentous occasion [here](#).

Some subsequent dates and times Heaven scheduled, include the following:

On March 30, 2013, which added up to 12, we held a ceremony orchestrated by Heaven at 12:12, which followed with the announcement, "Today is the first day of Heaven on Earth".

The last battle with Satan was at 12 on August 10, 2013.

The world split between 3D and 5D at 12 on August 29, 2016 when God announced the time of tribulation officially began.

Some of these stories are also on the website but because of the anniversary of the story of the Book of Life this day and what lead to it, you can read that [here](#).

For those of you who can join us at our workshop on Saturday, the 15th in Morristown, I can't wait to see you! If you are reading this for the first time, details are below. Hopefully you can join us and join us for lunch afterward.

And, an overall desire to see friends while in New Jersey has been superceded by too many initiatives, including finding a new place to live [Sarasota is the latest exploration], that I can't keep up. So, please don't hesitate to reach out.

I'll be in Dumont through the end of the year and this Friday afternoon and Saturday evening in Morris County, which I have been barely able to schedule besides the dentist and the workshop. I am reminded by something Mother Mary said to me, which was that I don't need new friends, I need find time to spend with the ones I already have. She was so right! As I rush now to pack to head up north wishing I had more time to plan the stay before I get there! Hope to see you!!!!

Wishing you a blessed and joyous day. Enjoy the extra light this day enhancing the christ consciousness. Let that light shine from within because you the power of God within.

Much love,

*Joy*
