Angels Need Healing Too

As I pulled down my Christmas decorations last week, I took this photo of the stocking I gave Archangel Michael years ago. I was reminded that when I gave it to him my girl friend commented that he was touched by the gift.

At the time I took it down, I thought people probably don't realize that angels need love and healing too. Angels are always helping everyone here. I thought it time healers here offer healing to the angels.

At Christmas I offered Jesus a healing as a birthday gift to him. That likely is a foreign concept to many but it isn't the first time I gave him or angels healing. Having an archangel as a high self, we have their entire pasts to clear in this realm on Earth. They have suffered on Earth just as any human has.

Anyone who has lived on Earth has challenges to clear from this world of duality. But, a number of the challenges here on Earth also started in Heaven. Take for example the battle in Heaven preceding the fallen angels. Also, there was a major battle between the gods and goddesses. These are battles I have had to clear from here that occurred in Heaven to set myself as well all free.

As I sat to write the newsletter this morning, I heard from one of the other archangels on Earth. She mentioned that our friend was doing a healing this weekend on the archangels and angels for which I was grateful. We all benefit.

I thought of the spiritual warfare over the years that I was involved with that included help from the Army of God. Also, the assistance the angels, archangels and ascended masters have provided me to in general healings where they helped address darkness. I couldn't imagine how they could do all this work without being negatively affected in some way.

I recall another colleague years ago mentioning that the angels are abused because they are always called upon for help. It does seem rather one sided.

The angels, archangels and ascended masters are always helping humanity. They have often incarnated to help in a very specific way on Earth. All that occurs here in this world of duality, needs to be cleared here for optimal results. One of the reasons that karma and the past-life memories are coming up so much now is so the new golden age can open without that baggage negating the possibilities that exist at this time.

It's definitely time to set all free. It's time for everyone to take responsibility for all. I am throwing in the possibility of setting all angels, archangels and ascended masters free. They carry so much responsibility in service to all. I love and thank them all for their assistance to all, and, in particular, our participants in our group clearing calls and all my clients and for all efforts in my pro bono work. I couldn't accomplish what I accomplish without their help and, of course, the help of God who is working through us all.

Wishing all freedom beyond all imagination.

Much love,

Joy
