### Joyful News - February 27, 2019

It's pretty safe to say that you have experiences and memories of oppression from other lifetimes if not this one. In order to experience the world of duality, you became part of a world that created much oppression throughout history. Whether by government, religion, cultural, and systems such as slavery, people have been oppressed and continue to be in this world. Because we play varying roles each lifetime, you could have been the oppressed one lifetime and the oppressor in another.

All those memories live within your subconscious. That karma is still in play to a degree until released. The emotions from those experiences also live within creating blocks.

People have been oppressed, but in honor of women's history month, we are focusing on how women have been oppressed. As mentioned above, that could have included you in another life if not this one.

By oppressing women, humanity has oppressed the feminine also within themselves. In doing so, they have blocked prosperity for all. Remember it is the feminine aspect within all that is the part of you that receives.

This and many other concepts are being cleared this Saturday to set you, your family, relatives, ancestors and all free.

An excerpt from the message from the Divine Mother for this Saturday:

*You haven't been as victimized as you might imagine. Your choices matter more than you know. At every juncture when presented with an opportunity you get to choose. We will clear this day those opportunities when you contributed to the imbalance between the masculine and feminine energies as well as within situations. You have been both genders and, no matter the gender, have made mistakes contributing to those imbalances. We will address those this day.*

God, and his team, clears so much on these monthly calls for people that it is beyond comprehension. We cover such a long list besides giving you private time for your personal issues. And, then Heaven steps in and orchestrates the ultimate releases, and the new outcomes, etc. to elevate your experiences going forward.

If interested in clearing that karma, or any challenge, to help yourself, your family, relatives, ancestors and the all, the link is below to join us. You benefit if registered if on the phone or not.

Blessings,

Joy

PS: By releasing your role, you set all others free connected to your history you include.
