Heaven on Earth Day Ascension

Saturday was amazing. The angels and ascended masters gathered and were celebrating before we came together for the same toast at 12:12 that preceded the opening of Heaven on Earth six years ago.

Following the toast, a few of them lined up giving information and acknowledgment. I still have to have the messages transcribed for public consumption. The last message from God made me cry I was so touched by the experience. The most important aspect to the messages, however, was that much change would come because of this day. The Gates of Heaven opened again for about 12 hours and all that were ready to ascend to Heaven on Earth made it through with the help of much energy pouring in to support the effort.

The Gates were open for a few years preceding the beginning of the Time of Tribulation. I didn't expect them to open again until approximately seven years later so that was a delight as it's only been a few years since that clock began to tick. When I asked about the end of this period of tribulation, God's response that no exact date is set. It all depends on people and their choosing the light. He has always made choices for the highest good of the majority.

In this instance, there was a decision made that those who have worked on themselves, chose the light and were ready, would have the opportunity to ascend sooner than later. He didn't want to hold anyone back that was ready while waiting for the majority. I was delighted with that news. He also said that this will become an annual opportunity on this anniversary so those ready at that time won't have to wait for the end of time of tribulation to benefit.

What does it mean to ascend through the Gates of Heaven? Those that were ready, were accepted into Heaven on Earth and are now able to enjoy greater ease, joy, peace and abundance.

God shared his comments on the Gates of Heaven regarding the perception of them in general and thought I'd share that link with you [here](#). Keep in mind that much of this sharing has to do with setting the subconscious free from teachings of the past that have created fear within it. That fear is part of what holds people back yet today.

Those that are letting go of their baggage and choosing the light are able to ascend easier and quicker than those holding onto their past. That is one of the reasons God asked me to do these monthly group clearings. He wanted to assist the masses in letting go of things they don't necessarily know that is within their subconscious that is holding them back.

I remember the day I asked Jesus, after the Gates closed when the trumpets sounded at the beginning of the Time of Tribulation, if people could still ascend with the Gates closed. He said that they could but it was more like someone standing on one edge of the Grand Canyon and wanting to get to the other side carrying a backpack of rocks representing their baggage.

It's all about the work on the self. It's not always easy to let go of lifetimes of karma. You are witnessing much of people's struggling with their karma surfacing now during this Time of Tribulation. It's the time to choose the light. Those that are in the light and ascended to 5D, Heaven on Earth, are not struggling like those many are witnessing these days.

Congratulations to all who made the cut this past Saturday. Your soul was ready. If you want to ascend, or ascend higher, feel free to join us this Saturday when we clear darkness, cords and attachments, and the extensive list of limitations, and fears, etc. But, this week we will include a number of things connected to money as well.
