The Miracles of Our time

Miracles happen all the time but we may not be fully aware of them when they occur. How would you define a miracle? The dictionary said:

mir-a-cle
a surprising and welcome event that is not explicable by natural or scientific laws and is therefore considered to be the work of a divine agency.

This time in history is truly miraculous as a whole. We are moving from dark to light. When in the light, more miracles can occur more effortlessly.

I see daily more and more kindness revealed. I think that alone is miraculous. You are seeing more evidence of things evolving, people awakening and more possibilities unfolding.

God told me years ago that he wasn't planning another event like parting of the Red Seas because still given those circumstances people resisted following God. He has given people the chance to choose the light for themselves, from within themselves. They are now given the responsibility to create the miracles from within by allowing God to work through them.

You have the power to create your own miracles. You have the power to change the world. It is up to you how quickly you open up the new golden age for yourself as well as others. Those of us who are living in the new golden age see miracles regularly. Are you experiencing them regularly in your own life? Or, are you continuing to buy into the 3D reality that many are still stuck within? There aren't as many miracles there but there are plenty in 5D.

One of the things we clear in our group healing call that is this Saturday is all attachments to 3D and 3D programming that is keeping people stuck in those dynamics and limitations.

This Saturday, in particular, we are addressing miracles, magic and manifestation to help you clear any limitations to experiencing a miraculous life. I look forward to the teaching God will deliver on the subject that we will also be sharing on Saturday.

I am reminded of two reports after attending our calls that I think are miraculous. One mentioned tripling their income and another being able to connect with and receive messages from the angels directly after. Miracles are possible and now more than ever.

Wishing you and your family a miraculous day.

Blessings,

Joy

PS: Speaking of miracles, here's an example: Kuan Yin appeared before me yesterday to give me something personal and added that she assists on our Saturday calls. She along with the other ascended masters, archangels and angels are present. That is wonderful evidence of their love and support of you at this time. For all their assistance, I am grateful!
