

Joyful News - June 19, 2019

Archangel Gabriel came through with a few words on freedom and manifesting. I had been thinking of our upcoming group clearing call on July 6 to clear any hidden blocks to freedom when Gabriel popped in with this message:

These days that have been trying are bringing you to the cusp of great change. New beginnings are just before you as you embrace the teachings from your heart. Your heart is key in this next millennia. This is the time for a heart-based reality manifesting your heart's desires with ease.

The time has come for all to awaken to the soul's journey on this planet. All who rise to the new light within will reap rewards far greater than anything ever imaginable.

You long for freedom. It is found within you. Your heart holds the key to all freedom. New beginnings come to those who engage in the heart. You manifest from the center of all that is accessible only through your heart.

Trust in the process of going within. For, without it, you wander and squander. To be on purpose, you must be centered in your core of creation at all times.

But, even before we are doing the clearing for you on July 6, we are offering a free brief training on the subconscious and manifesting along with a bit of healing for your heart. This Monday will be an encore of our recent live keynote on "The Art of Living in Joy".

Further details below on both opportunities.

Wishing you much joy...

Blessings,

Joy
