#### My Perspective...

JoyPedersen.com

Last week I was thrown off getting my newsletter out due to an unexpected change in work and the desire to explain it. Most don't actually understand the work I do and especially the dynamics regarding the global work. The challenge I have is fitting it all in and then trying to adequately explain it. It's more important to do the work than explain it but it is also useful for you to understand what is going on behind the scenes to help humanity.

So often people fear that God is not helping. I can demonstrate some of how he is and wanted to do so in last week's newsletter. But, trying to adequately convey

the story was a major time-consuming job all by itself. So my first snippet is that due to Yom Kippur, major healing occurred for those with Jewish heritage which we all share whether currently Christian, or Jewish because they share the same origins. Also, anyone Christian now would have likely been Jewish in another life. The rest of that story is coming.

Another snippet is that this morning I was inspired to share my perspective based on reading a channeled message mentioning the big bang. Since I predate that and have memories prior to and of that occurrence, I wanted to share my perspective. I also have a channeled message from God telling of his origins that predated the big bang. So, I thought I would start a posting on "My Perspective".

I shared a brief post on my [Facebook Page](#) and a longer one in our [Help from Heaven group](#) where we can dialogue more privately. You are welcome to join that group. I just recommend filling out the questions to join or you likely won't get approved.

You can find the channeled message by God explaining his origins in "Clear Your Past and Change Your Future". The book is being reworked and fine tuned for print but the [kindle version is available here](#).

I also started this week another posting on "Global Spiritual Warfare" to begin elaborating on some of the things we do in the background to help humanity and the world at large. That work is now funded by people as it is too costly to both take the time to do the work, as well as recover from the work, without patrons supporting the work. It's extremely exhausting and often prevents me from

also being able to make a living when too tired. After donating my time for decades, donations make it more possible to continue.

I will try to share more about those stories and benefits to you as I can. Similar to the first snippet, telling the stories may be just as time consuming as the actual work. The important thing to know is that much is going on behind the scenes for your benefit. Heaven is working tirelessly on your behalf. On the human side, it's wearing.

If you are interested in donating to that cause, I have created a link on my [contact page for Paypal](#). The post this week shared about releasing about 50 demons, and severing contracts with darkness from a world leader so he didn't harm his people further. Those leaders are also in a position to wreak havoc on the rest of

the world as well. So, even if not your president, they can impact your wellbeing and economy.

People also contribute to the world as a whole by clearing their own connections to the world throughout all time and space in our monthly group calls. Our next one will be November 2 where we will be addressing blocks to focus as well to choosing negative versus positive thoughts and outcomes from a subconscious sabotaging place. Those details are below.

#### SPECIAL EVENT:

Lastly, if you are near Sarasota, I will have a table at the [Sarasota Holistic Chamber of Commerce event](#) Monday, October 21, at the Art and Ovation Hotel at 5 PM. I hope you can visit so I can see you in person. Many prizes will be given out to attendees.

Wishing you all effortless success...

Blessings,

Joy
