## Spiritual Solutions

I have been flooded with questions on numerous topics as of late and, as you would imagine, many are on the virus and how I am addressing. Keep in mind that in all things, I am always going for the cause of matters as presented.

### VIRUS

Considering that the virus seems the biggest concern these days, I will elaborate on what has been done regarding it from the spiritual healing perspective.

When I first opened a process to address the virus, I was shown China having a big cloud over it. That was the first thing we cleared. I was shown labs and formulas and cleared those. Those were a couple of the highlights from the first clearing on the subject but the time and intricacies take time to analyze, evaluate and clear. The key component here is that all I am doing is allowing God to work through me.

When focusing on the virus, and all that was surfacing because of it, we had to address from different angles. Each moment of clearing reaches additional layers with each focus. Last week we were given a key to release the causal level of several viruses. Once the causal level is released, all can begin to unravel and course correct in the deepest manner and according to divine will and order.

### ASCENSION

A challenge came up yesterday, however, from St. Patrick. I had been working with him recently due to things we needed to clear before the Ides of March and then St. Patrick's Day. God told me Monday night that yesterday would be another day of ascension. Many more would be able to ascend if they weren't caught up in fear. So, St. Patrick asked me to clear the collective of the fears humanity was expressing these days. Those fears and all fears block ascending to the highest potential. All ascension depends on where you vibrate.

What I have been doing on an individual basis is boosting people's immune systems to enhance their own defense mechanisms. We have also been clearing any and all ancestral karma and all darkness within that could sabotage in some manner as well. Any fear, limited belief or negativity can lower one's resistance and also diminish potential outcomes.

### NEW WORLD

On the brighter side, this is all course correcting for a more balanced and evolved world. Much is going on in the background to clear, rebalance and fix grave errors that have been made in the past in our shared history of this world. Once we get through this period of turmoil, the world should be in better shape. We just have to ride the wave and deal with the circumstances as presented the best we can right now.

### SOLUTION

Here is an [audio](#) I did this morning during a client session and posted it on SoundCloud for all to benefit. Hopefully, this direction will help you navigate the future with greater ease and give you the power to have the clear direction and assistance from above for the highest and best for you and yours.

I also channeled an audio message during this morning's session from a past-life ancestor of my client who shared the dynamics of money challenges relating to men but affecting all. Fortunately, we can clear those dynamics in our upcoming [monthly call](#) for participants since we are addressing money April 4.

Wishing you and yours health and ease...

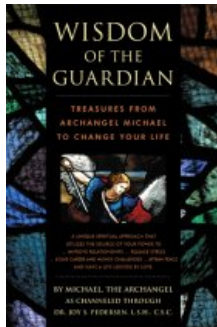

Blessings,

Joy
